Prodotto realizzato con filato **Q-NOVA by Fulgar®**
Fibra di Nylon 6,6 ecosostenibile, interamente prodotta in Italia da materie prime rigenerate, conforme a rigorosi requisiti di tracciabilità e filosofia "zero scarto".

Certificazioni:

Global Recycled Standard (GRS 2015-005)
ECOLABEL EU
TF Traceability & Fashion
Oeko-Tex® Standard 100 Appendice 6
Valutato da HIGG INDEX e LCA

Caratteristiche della calza:

Grip perfetto su superfici asciutte: soletta in silicone anallergico per massima stabilità e aderenza durante allenamenti in palestra, riducendo il rischio di scivolamento e migliorando la performance.

Libertà di movimento: tagli di flessione Bending Cuts per seguire i movimenti naturali della caviglia, eliminando pressioni fastidiose sul collo del piede.

Aderenza stabile: fascia elastica centrale dell'Anti Rolling System che mantiene la calza ferma anche durante esercizi dinamici o statici.

Traspirazione intelligente: struttura traspirante con binari esterni per espellere sudore e umidità, mantenendo i piedi asciutti e freschi.

Made in Italy: progettata, testata e realizzata interamente in Italia da RevengeLab.

Product made with **Q-NOVA by Fulgar®** fiber
Eco-sustainable Nylon 6,6 fiber, entirely produced in Italy from regenerated raw materials, compliant with strict traceability requirements and "zero waste" philosophy.

Sock features:

Perfect grip on dry surfaces: hypoallergenic silicone sole for maximum stability and adherence during gym workouts, reducing the risk of slipping and improving performance.

Freedom of movement: Bending Cuts to follow the ankle's natural motion, eliminating pressure on the top of the foot.

Stable fit: central elastic band of the Anti Rolling System keeps the sock in place even during dynamic or static exercises.

Smart breathability: breathable structure with external channels to expel sweat and moisture, keeping feet dry and fresh.

Made in Italy: entirely designed, tested, and manufactured in Italy by RevengeLab.
